

Investment Objective and Policy

The Fund's investment objective is to provide, on 7.12.2027 (to the Fund unitholders that have subscribed up to 7.12.2022 and retain their units up to 7.12.2027), 140% of "Euronext Core Euro & Global Climate Change EW Decrement 5% Index" return, if it is positive, with a maximum return of 40.0% (in case index return is greater than 28.57%), while in case that index return is negative, it seeks to offer the index return, with possible losses limited at -10,00%. At the same time, it will invest in a diversified portfolio of bonds, money market instruments and other securities. If unitholders redeem their investment before 7.12.2027, they may incur a significant loss of principal.

In order to achieve its objective, the Fund has entered into OTC derivative contracts (swap contracts). At the same time, the Fund's assets are invested in a diversified portfolio of bonds issued by governments, supranational or public entities and/or corporations, as well as in money market instruments and other securities. There is no limitation regarding the credit rating or the maturity of the bonds in which the Fund may invest.
