High performance continued in 2019 for Alpha Mutual Funds

Alpha Mutual Funds reached the highest rankings in their respective categories (M/Fs) for yet another year offering a reliable investment choice in an international zero interest-rate environment.

In the category of MFs that invest in Greek bonds and equities, **Alpha Greek Bond Fund Classic (+34,5%)** and **Alpha Greek Balanced Fund Classic (+38,9%)** ranked at the leading M/Fs in their category in **2019** and also remain at the top over a three and five-year horizon in the Greek market. Equally significant is the distinction of **Alpha Greek Corporate Bond Fund (11,3%)** that stands out **first** among M/Fs of relevant investment policy. Outstanding returns were also recorded by Greek equity MFs **Alpha Blue Chips Greek Equity Classic (+43,9%)** and **Alpha Aggressive Strategy Greek Equity Classic (+42,4%)** achieving the highest Alpha Mutual Funds' returns of 2019.

Among MFs with an international orientation, **Alpha Cosmos Stars USA Equity Fund of Funds Classic (+28,2%)** and **Alpha Cosmos Stars Europe Equity Fund of Funds Classic (+24,6%)** were ranked in the first two positions in **2019** among 33 M/Fs in their category, while **Alpha Cosmos Stars USA Equity Fund of Funds Classic** remained **top performer** over a **three-year and five-year horizon**. Equally significant performance noted by **Alpha Global Blue Chips Equity Fund Classic (+26,7%)** and by **Alpha Global Allocation Balanced Fund Classic (+15,3%)**, that achieved the highest return among the funds of its category with exclusive global orientation.

Alpha Asset Management A.E.D.A.K. with 30 years investment performance and innovation in asset management, provides consistently high returns of Alpha Mutual Funds that place them at the top of each category, confirming investors' trust. A product mix of **25 internationally recognized Alpha M/F** that invest in the major markets worldwide, including emerging markets and sectors, make the investment world accessible to everyone and provide **high performance** over time.
